

Hua Hin International Cricket Sixes Tournament

Phuket Thailand

29th June – 4th July 2026

As a cricket lover, we are writing to invite your club, a group of friends or individuals to participate in the **Hua Hin International Cricket Sixes Tournament** to be held in **Phuket Thailand***, from **29th June – 4th July 2026**.

(*The reason for this one-off change in venue is the unavailability of the Hua Hin ground. We will resume in Hua Hin in 2027)

- There are 4 divisions in the tournament, Cup, (open) Masters (35+) Vets (50+) and Super Vets (55+) played at a purpose-built ground.
- We are seeking teams of 6 - 8+ players, *primarily* for our Cup division (open age).
- However, if you are unable to enter a “Cup” side, then Masters or Vets may be of interest.
- If you cannot get a full team, we still encourage smaller groups and individuals, as these players would be included in an appropriate “composite” team.

A basic summary of the event is in the “Cricket Flyer 2026 Phuket” attached which is suitable for distribution and display on club notice boards. A more detailed picture of what it’s all about, both on and off the field with estimated costs excluding airfare and transfer etc *per player/participant* are included in the “Hua Hin Tournament Information” document is also attached. Note that accompanying partners pay slightly less for this package. The tournament hotel this year is the Dusit Thani Laguna Phuket. Also attached is a non-generic copy of this email for distribution .

Other than the cricket Phuket Island is one of Thailand’s top tourist destinations. The island boasts many beautiful beaches, temples, night markets, a water park and an array of outstanding restaurants and casual dining bars and cafes. Phuket also offers some of the best golf courses in Thailand for those interested. For those of you from Australia these dates coincide with school holidays which makes it easier for families. The other advantage is there are direct flights into Phuket from the major cities.

If this is of interest and you require further information, please contact me.

Tim Jones

Background:

- *Many teams from Asia and the subcontinent, including Kowloon CC, HKCC, Malaysia, Bangladesh, Pakistan the UK, and India and a very strong contingent from Australia, have entered teams for the Cup and other divisions over the past 26 years.*
- *Over 40 current or former First Class/Test players from different nations have played in the various teams/divisions adding to the competitiveness and diversity of the tournament.*
- *Some players are just there for the cricket, however there are many off field attractions in Phuket for the accompanying partners and family groups as well. These groups have often made up over 40% of the attendees.*

- *The cricket is serious and of good quality and exhibits a uniqueness not found in many of the current “Sixes Tournaments” of the region. **The games are played a short distance from the tournament hotel.***
- *Then there is the wonderful island of Phuket, teeming with international quality experiences of all persuasions, the nightlife, and other local activities such as golf, where within a short distance, high quality championship courses are available. To this end, one day of the tournament is designated a “day off” and many take the opportunity to develop there golfing skills or visit the many tourist attractions of Phuket.*
